## Open for Offshore Wind Business

**Mike Matthews**

U.S. Representative

German Offshore-Wind Initiative

# GOI

German  
Offshore-Wind  
Initiative

# Current Status: Nascent

2 offshore wind farms

- Rhode Island (30 MW)
- Virginia (12 MW)

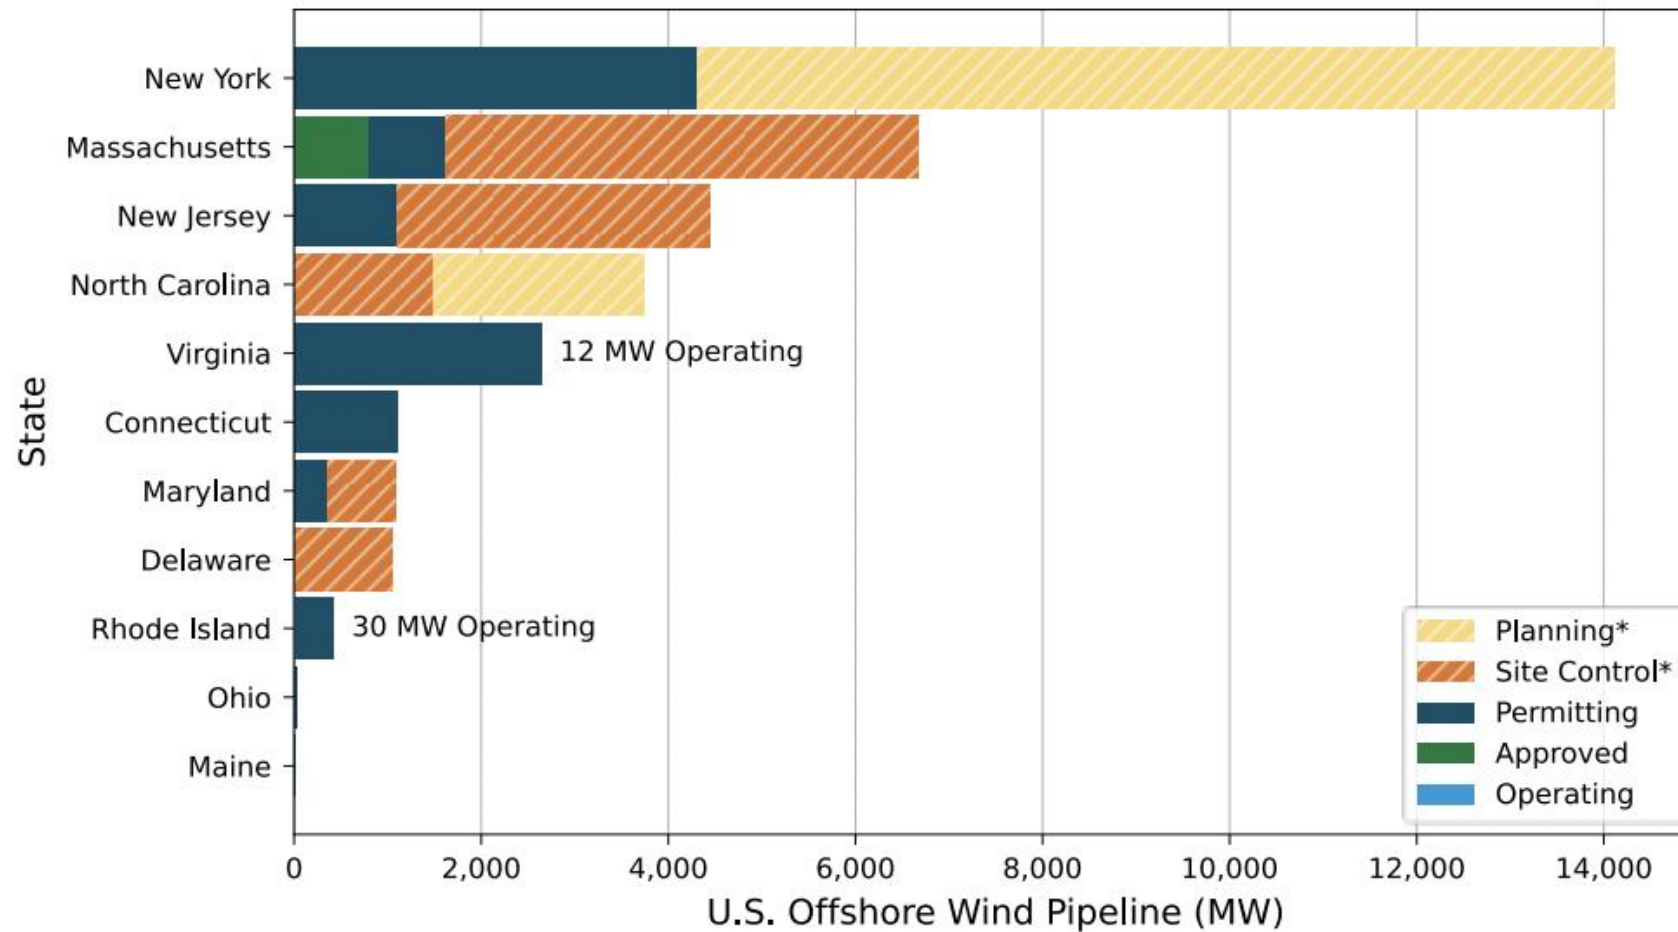

42 MW total capacity in operation

**GOI**

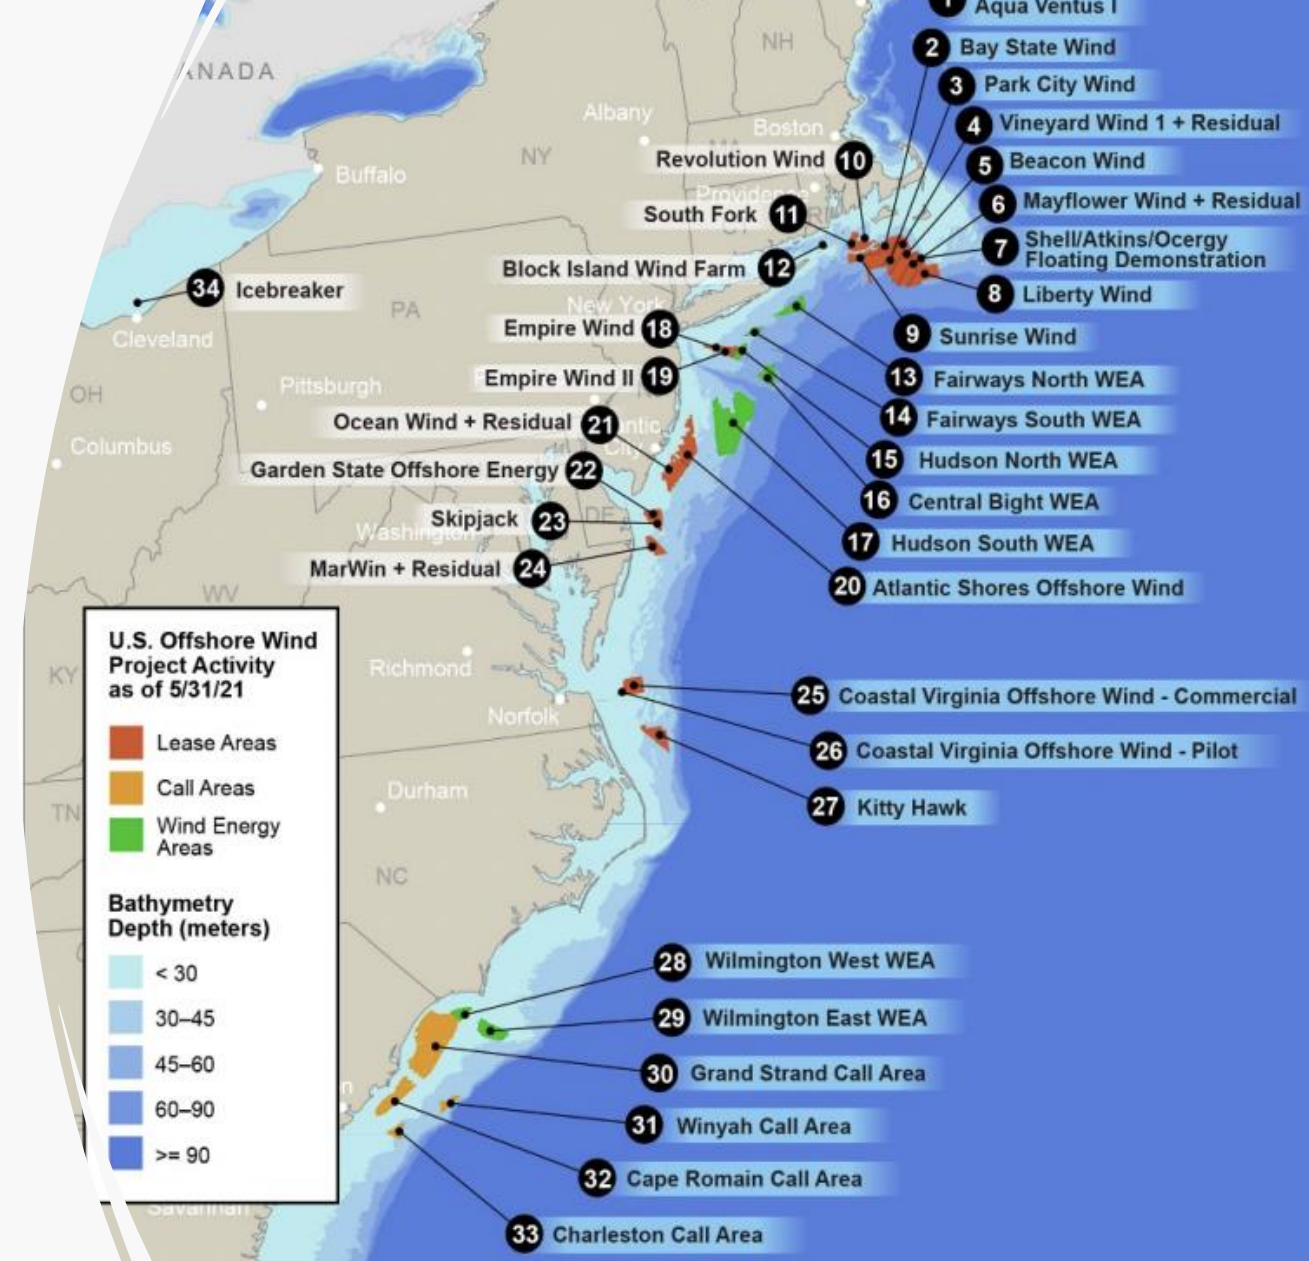

German  
Offshore-Wind  
Initiative

# Impressive Project Pipeline of over 35 GW

# East Coast – Rapidly Evolving

Massive potential for German SMEs to fill gaps in U.S. offshore wind supply chain

# West Coast – Floating is the Future

Enormous potential for  
floating offshore wind

- California
- Oregon
- Hawaii

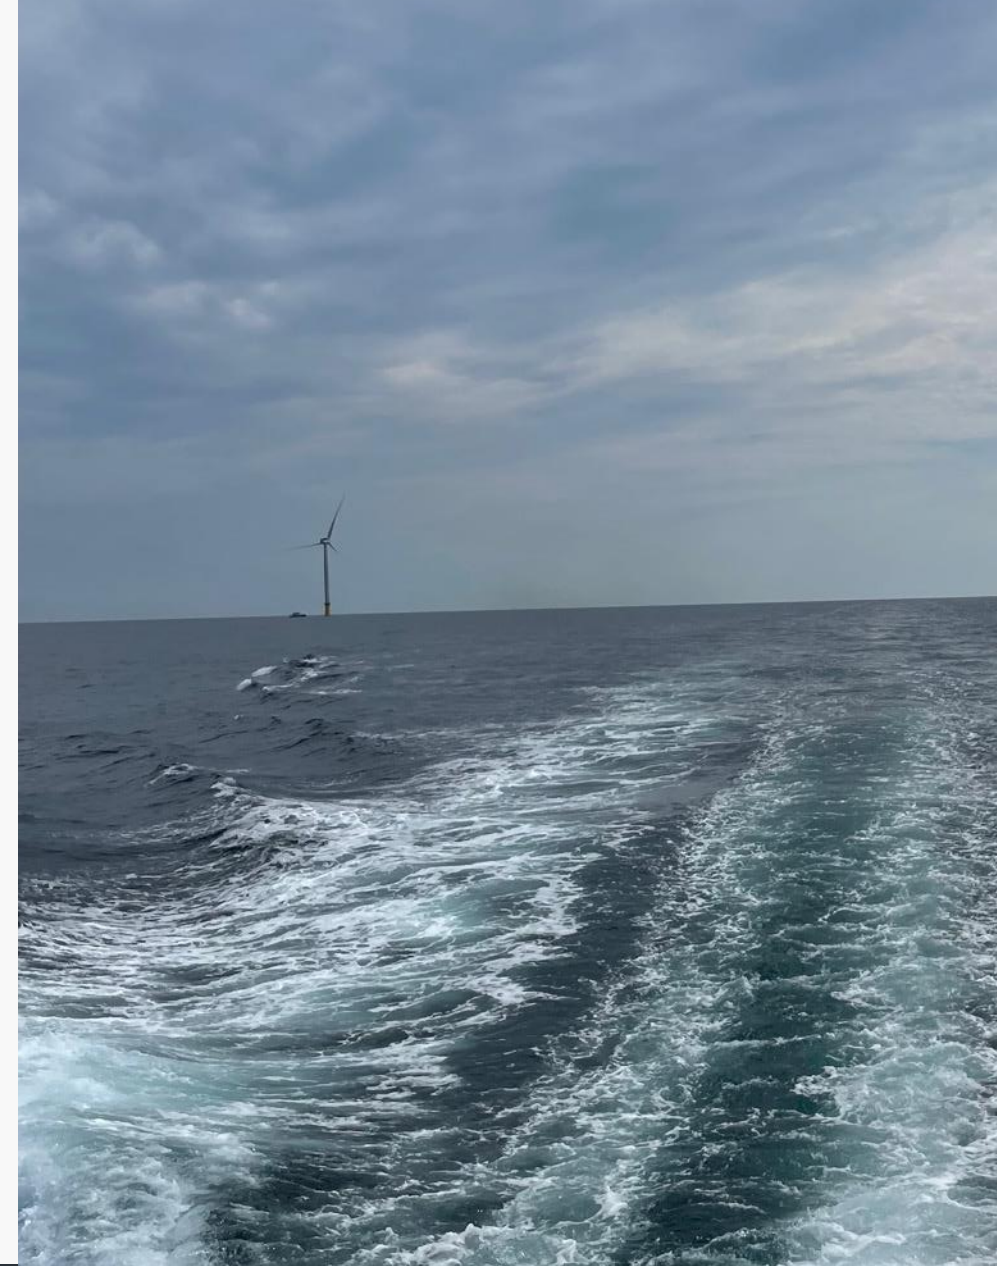

# Takeaways

Biden Administration and states are all-in on offshore wind

**East Coast** markets provide immediate opportunities for German companies

**West Coast** has chance to become epicenter of floating offshore wind
